Vol. 1, Issue 3 (2026)

Published November 2026 · 8 articles

TABLE OF CONTENTS

ARTICLE	PAGES
Comparative evaluation of the antifungal activity of cranberry (Vaccinium macrocarpon) extract, cinnamon (Cinnamomum zeylanicum) extract and xylitol against Candida albicans: An in vitro study Nazia Khan, Zameer Pasha, Sumaiya Kausar, Sameen Habeeb DOI: https://doi.org/10.65929/JSAD.2026.1.3.001 https://dentistryjournal.org/volume/1/issue/3/article/comparative-evaluation-of-the-antifungal-activity-of-cranberry-vaccinium-macrocarpon-extract-cinnamon-cinnamomum-zey	80–88
Awareness, attitudes, and risk perception of do-it-yourself dental practices among adults in India: A cross-sectional study Pawar Saurabhachandra B, Shashank Deshpande, Utkarsha Deshpande, Dipti Govind Pardeshi, Chaitanya Shridhar Buddhikot, Parikshit Agawane DOI: https://doi.org/10.65929/JSAD.2026.1.3.002 https://dentistryjournal.org/volume/1/issue/3/article/awareness-attitudes-and-risk-perception-of-do-it-yourself-dental-practices-among-adults-in-india-a-cross-sectional-st	89–93
Self-rated understanding versus objective knowledge of artificial intelligence among dental students: A single-institution cross-sectional pilot survey Akash Raj Sharma, Kanchan Shukla, Pratiksha A Srivastava, Chandrama Pratap, Gaurav Verma, Risabh Rana DOI: https://doi.org/10.65929/JSAD.2026.1.3.003 https://dentistryjournal.org/volume/1/issue/3/article/self-rated-understanding-versus-objective-knowledge-of-artificial-intelligence-among-dental-students-a-single-instituti	94–102
Artificial intelligence in orthodontics: A comprehensive review of current applications and emerging trends Kavya BR, Jansiya Thangavelu, Bhavana BA DOI: https://doi.org/10.65929/JSAD.2026.1.3.004 https://dentistryjournal.org/volume/1/issue/3/article/artificial-intelligence-in-orthodontics-a-comprehensive-review-of-current-applications-and-emerging-trends	103–109

ARTICLE PAGES

Comparasion of irrigant penetration using different irrigation activation techniques in root canals 110–115

Manasa Bhavana

DOI: https://doi.org/10.65929/JSAD.2026.1.3.005

https://dentistryjournal.org/volume/1/issue/3/article/comparasion-of-irrigant-penetration-using-different-irrigation-activation-techniques-in-root-canals

Adhesive rehabilitation of a structurally compromised endodontically treated molar with a lithium disilicate veneerlay: One-year follow-up 116–122

Amira Yousfi, Zohra Nouira, Belhassen Harzallah, Jilani Saafi

DOI: https://doi.org/10.65929/JSAD.2026.1.3.006

https://dentistryjournal.org/volume/1/issue/3/article/adhesive-rehabilitation-of-a-structurally-compromised-endodontically-treated-molar-with-a-lithium-disilicate-veneerlay

Surgical management of large periapical lesion in maxillary anterior teeth: A case report 123–130

Manasi Surwade, Anuradha Patil, Sumanthini M. V, Divya Naik

DOI: https://doi.org/10.65929/JSAD.2026.1.3.007

https://dentistryjournal.org/volume/1/issue/3/article/surgical-management-of-large-periapical-lesion-in-maxillary-anterior-teeth-a-case-report

Facial esthetic enhancement using cheek plumper with complete dentures: A case report 131–136

Gaurav Issar, Shreya Jaiswal, Laxman P Rao, Pallavi Sirana, Ankita Pal, Mandeep Kaur

DOI: https://doi.org/10.65929/JSAD.2026.1.3.008

https://dentistryjournal.org/volume/1/issue/3/article/facial-esthetic-enhancement-using-cheek-plumper-with-complete-dentures-a-case-report
