

Vol. 1, Issue 2 (2026)

8 articles

TABLE OF CONTENTS

ARTICLE	PAGES
Little smiles, lasting evidences Renu Dagur DOI: https://doi.org/10.65929/JSAD.2026.1.2.001 https://dentistryjournal.org/volume/1/issue/2/article/little-smiles-lasting-evidences	32-34
Comparative evaluation of surface roughness (RA) of conventional heat-cured, high-impact heat-cured, and 3D-printed denture base resins: An in-vitro profilometer study Aditi Vashisht, Varun Kumar, Geeta Arya, Jyotsna Seth DOI: https://doi.org/10.65929/JSAD.2026.1.2.002 https://dentistryjournal.org/volume/1/issue/2/article/comparative-evaluation-of-surface-roughness-ra-of-conventional-heat-cured-high-impact-heat-cured-and-3d-printed-dent	35-40
Knowledge, attitude and perception toward robotics and artificial intelligence in dentistry among dentists and dental students of Assam: A cross-sectional study Enakshi Mitra, Navpreet Kaur, Manish Bhalla, Vivek Kumar Sharma, Sonal Subhangi, Ramen Haloi DOI: https://doi.org/10.65929/JSAD.2026.1.2.003 https://dentistryjournal.org/volume/1/issue/2/article/knowledge-attitude-and-perception-toward-robotics-and-artificial-intelligence-in-dentistry-among-dentists-and-dental-st	41-47
A novel approach for establishing angular ratio at the diagonal junction between the maxillary canine and maxillary first molar- A prospective photogrammetric study Janak Lodha, Tarun Sharma, P. Narayana Prasad, Anupa Rawat, Sumit Joshi, Arushi Mishra DOI: https://doi.org/10.65929/JSAD.2026.1.2.004 https://dentistryjournal.org/volume/1/issue/2/article/a-novel-approach-for-establishing-angular-ratio-at-the-diagonal-junction-between-the-maxillary-canine-and-maxillary-first	48-53
Infection control protocols in dental clinic Ajimol Theresa Jose, Noor Wahida Ismail-Suhaimy, Shiprita Kumari, Saurabh Shekhar, Deepti Krishnan Kutty, Krishna Priya Balachandran DOI: https://doi.org/10.65929/JSAD.2026.1.2.005 https://dentistryjournal.org/volume/1/issue/2/article/infection-control-protocols-in-dental-clinic	54-62

Artificial intelligence in oral pathology: Current applications, challenges, and future prospects

63–67

Sajda Khan Gajdhar, Syed Mukith Ur Rahaman, Shaiq Gajdhar

DOI: <https://doi.org/10.65929/JSAD.2026.1.2.006><https://dentistryjournal.org/volume/1/issue/2/article/artificial-intelligence-in-oral-pathology-current-applications-challenges-and-future-prospects>

Ergonomic interventions and physiotherapy for work-related musculoskeletal disorders (WMSDs) among dental professionals: A narrative review

68–73

Pooja Arya, Arti Rauthan

DOI: <https://doi.org/10.65929/JSAD.2026.1.2.007><https://dentistryjournal.org/volume/1/issue/2/article/ergonomic-interventions-and-physiotherapy-for-work-related-musculoskeletal-disorders-wmsds-among-dental-professionals>

Technique to stabilize a lingual retainer under rubber dam isolation: A case series and review

74–79

K. Loganathan, Atul Kumar Singh, Omkar Singh Yadav, Anushree Rathi, Manami Das

DOI: <https://doi.org/10.65929/JSAD.2026.1.2.008><https://dentistryjournal.org/volume/1/issue/2/article/technique-to-stabilize-a-lingual-retainer-under-rubber-dam-isolation-a-case-series-and-review>
